REACH & RoHS CERTIFICATE OF CONFORMITY FLIR Exx

This is to certify that the camera FLIR Exx (Product Model Name FLIR-7580) fulfils the requirements in the European regulation EU REACH 1907/2006/EG and RoHS directive 2011/65/EU.

During product development, the products are tested towards REACH and RoHS compliance. All suppliers are required to accept Teledyne FLIR Global Supplier Terms and Conditions (T&C) via each PO (Purchase Order). Via Order Acknowledgement, the supplier confirms compliance with the latest update of the restricted substances legislation listed in T&C, including REACH and RoHS.

FLIR Systems AB is frequently reviewing our REACH and RoHS compliance, including compliance requests to our supplier base.

To date we have not found any SVHC substances in our products (latest check towards REACH SVHC list updated November 7th, 2025).
